

Guidelines for IP2008 Technical Digest Manuscript Preparation, 14 Point Type

Information Optics (1), Light Photonics (2), Wave Information (3)

1 : Information Research Center, Optics University, Japan

2 : Institute of Optics, Optics Corporation, USA, 3 : R&D division, IP Inc., 9 Point Type

Abstract: Abstract should be the same as the 50-word abstract which will be submitted with this manuscript. Scientific or engineering symbols or acronyms should not be included inside the abstract. Font size should be 9 pt.

Keywords: Information optics, holography, laser processing, adaptive optics

1. Introduction

A template is a set of styles and page layout settings that determine the appearance of a document. This template matches the printer settings that will be used to the proceeding. In order to provide a consistent appearance of the manuscripts, it is important for the authors to use this template.

2. Title section

Paper size should be 21 cm x 29.7 cm A4 size or US Letter, 8.5 in. x 11 in. Margins should be set for 2.5 cm at each side. The page length should be 2 pages. Over length manuscript is not accepted. The font should be Times New Roman.

2.1 Title, Authors' names, and Author affiliation

Center the title. The First letters of every word are capitalized. The title should be in 14 pt., bold font. Center author names using 9 pt. Authors' names should appear as used for conventional publication, with first and middle names or initials followed by surname. Center author affiliations using 9 pt. Affiliations should follow the format: division, organization, country.

2.2 Abstract

The abstract section should be started with the word "Abstract" in bold, followed by a colon. Font size should be 9 pt. The abstract should be an explicit summary of the paper. The abstract should be the same as the 50-word abstract which will be submitted with this manuscript.

2.3 Keyword

List 5-10 keywords or short phrases that well represent the content of the manuscript. Except proper nouns and acronyms, keywords should be typed in lower case letters. Font size should be 9 pt.

3. Main text

All body text should be 10 pt. The first line of the first paragraph of a section or subsection should be left aligned. Section title should be 10pt and be bold. Subsection title should be 10pt and be italic.

Leave additional space between paragraphs.

4. Figures, Photos, Tables, and Equations

Figures, photos, tables, and equations should be in black-and-white. Captions should be placed under the figures and the photos, and above the tables. Font size for the caption should be 10 pt.

Fig.1 Sample figure.

Table 1 Sample table.

| $\lambda(\text{nm})$ | A | B |
|----------------------|-----|------|
| 400 | 100 | 10.0 |
| 500 | 200 | 20.0 |
| 700 | 300 | 30.0 |
| 800 | 400 | 40.0 |

Equations should be centered. The number of the equation can be given if necessary.

$$\phi = \sum_{i=1}^m \phi_i' + \sum_{j=1}^l \phi_j'' \quad (1)$$

5. Conclusions

Describe the conclusions of your paper concisely.

6. References

References should be set at the end of the manuscript. The reference numbers should be consistent with the order in which they are cited in the body of the paper.

- 1) L. Optics and R. Photonics: Opt. Rev. **6** (1999) 321.
- 2) W. Guide: Information Photonics, Chap. 6, 2006, Japan Press.
- 3) E. Proceedings: Proc. OSJ, 2002, p.456.

7. Copyright Transfer Agreement

The copyright of articles published in the IP2008 Technical Digest is to be transferred to the Optical Society of Japan (OSJ). Authors are required to agree to the transfer of copyright and send the agreement by fax to the Secretariat of IP2008. FAX No.: +81-6-6879-7295

8. Deadline

Deadline for online submission of the 50-word abstract and the 2-page manuscript is May 15, 2008.
